

GENERAL PLAN 2020 RESIDENTIAL REFERRALS

COUNTY ISLANDS

County Islands had one property referred for further staff evaluation. Upon completion of additional review, staff has determined that the referral can meet the GP2020 concepts and planning principles if a compromise solution is accepted.

The referral is located in the Lincoln Acres plan area and is adjacent to National City. This area was designated as Village Core because it is within proximity to existing and planned infrastructure and services, is physically suitable for development, has vehicular access, is generally surrounded by ¼ acre lots, and has no potential environmental impacts. The compromised solution of 14.5 dwelling units per acre is consistent with other density increases in the community and more in keeping with the community's desire to retain the existing General Plan.
